WHAT MAKES SAFEVISITOR DIFFERENT?

❯ **Custom Excluded Parties List** - create custom lists of excluded parties

❯ **National Background Checks**- integrated with industry leading international background screening firm

❯ **ArrestAlert** - real time arrest alerts with integration to U.S. jails & booking facilities

❯ **Kiosk** - Let the kiosk do the work and ID visitors before entering building

❯ **Facial Recognition** - create a "fast pass" for high frequency visitors with 100% identification

❯ **Student Information System Integrations** - Sync student data, early dismissals, reunification etc.

❯ **Cloud - Based** on the secured Microsoft Azure Cloud.

❯ **Emergency Alerts** for denied entry or emergency situations
